Robert Glushko '79 Honors Thesis Award

Congratulations to Christopher Heyman, the recipient of this year's 2021 Glushko top Cog Award for best honors thesis in Cognitive Science.

Christopher is a senior majoring in Cognitive Behavioral Neuroscience. His thesis is titled "Associative Memory and Rhythmic Processing." His interests include examining dynamics of cell remapping between contexts and how conjunctive cues may play a unique role in a cell's firing rate and spike phase relationships.
